Vehicle Rental Agreement

Version 6 • October 2026

1. Definitions

'Agreement' means this Rental Agreement together with the reservation, pricing, addenda, and documents incorporated by reference.

'GoKamp Adventures' means the Owner. 'Renter' includes the person signing this Agreement and all Authorized Drivers, who are jointly and severally responsible.

'Authorized Driver' means a driver approved by GoKamp Adventures who is at least twenty-five (25) years of age and possesses a valid driver's license.

'Vehicle' includes the truck, rooftop tent, keys, camping equipment, accessories, and optional equipment.

'Rental Period' begins when the Vehicle is released and ends only after the Vehicle has been returned, inspected, and checked in by GoKamp Adventures.

'Charges' include all amounts due under this Agreement.

'Loss of Use' means the loss of rental revenue while the Vehicle is unavailable. 'Diminished Value' means the reduction in market value following damage and repair.

'Reservation' means the booking confirmation identifying the renter, rental dates, charges, selected protection, approved drivers, and any purchased add-ons.

'Equipment Checklist' means the itemized equipment inventory and condition record completed at pickup and return.

2. Reservation, Payment & Security Deposit

Reservations are not final until payment requirements are satisfied and all required documentation has been completed. Fifty percent (50%) of rental charges is due at booking; the remaining balance is due fourteen (14) days before scheduled pickup. Reservations made within fourteen (14) days of pickup require payment in full at booking. Applicable booking-platform terms govern payment processing.

A refundable $1,500 Security Deposit is required. The deposit is ordinarily authorized on the payment method approximately one (1) day before pickup through the booking platform. The platform generally releases an eligible hold within seven (7) days after return, potentially sooner following inspection; bank processing times vary and pending claims or charges may delay release. An authorization hold is not necessarily an immediate charge.

GoKamp Adventures may apply the Security Deposit toward unpaid rental charges, damage, missing equipment, excess mileage, refueling, excessive cleaning, towing, recovery, tolls, citations, administrative fees, or other amounts owed. The Security Deposit is not a limitation of the Renter’s liability. GoKamp Adventures may charge the payment method on file for valid post-rental charges identified after inspection, subject to applicable law and payment authorization.

3. Driver Qualifications

All drivers must be at least twenty-five (25) years old, possess an original valid government-issued driver’s license, satisfy applicable insurance/protection requirements, and be approved by GoKamp Adventures before operating the Vehicle. Additional drivers must be expressly approved and listed on the rental documentation.

International visitors are welcome, subject to license validity, eligibility, and any additional identification or verification requirements, which may include a passport. A digital image alone may not satisfy pickup verification. Providing false or misleading information is a material breach and may result in cancellation, subject to applicable law and cancellation terms.

4. Rental, Indemnity & No Warranties

Except where prohibited by law, the Vehicle and included equipment are rented 'AS IS' without warranties of merchantability or fitness for a particular purpose. The Renter agrees to indemnify, defend, and hold GoKamp Adventures harmless from third-party claims arising from the Renter's use or operation of the Vehicle, except to the extent caused by GoKamp Adventures' negligence, where such limitation is not permitted by law.

5. Vehicle Condition, Pickup, Return & Extensions

Rentals are charged by calendar rental day, including the scheduled pickup and return dates. Unless a reservation specifies otherwise, pickup is available beginning at 8:00 a.m. on the first rental day and return is due no later than 11:59 p.m. on the final rental day. All times are local to the designated St. George, Utah–area pickup/return location.

Pickup and return occur at the location designated by GoKamp Adventures. One-way rentals are not offered. Before release, the Renter must attend an in-person vehicle and equipment orientation, typically requiring 45–60 minutes, and participate in a condition/equipment inventory. The Renter must complete a return condition and equipment inspection or follow GoKamp Adventures' documented after-hours return procedure if specifically authorized.

The Vehicle must be returned to the designated return location on the agreed date and in substantially the same condition as received, excluding ordinary wear. The Vehicle must be returned with the same fuel level. Extensions require GoKamp Adventures' written approval before the scheduled return. Unauthorized repairs are prohibited unless reasonably necessary to protect persons or property. Renter remains responsible for loss or damage until the Vehicle has been inspected and accepted by GoKamp Adventures.

Any late-return charge or extension price must be disclosed in the reservation or separately agreed in writing; unauthorized late return does not constitute an approved extension.

6. Damage Responsibility

The Renter is responsible for physical damage, theft, vandalism, weather-related damage, terrain-related damage, and loss of included equipment occurring during the Rental Period, subject to applicable law and any purchased protection product. Responsibility may include repair costs, actual cash value in the event of a total loss, diminished value, loss of use, towing, recovery, storage, appraisal costs, administrative costs, and reasonable attorney's fees and collection costs where permitted by law. Accidents, theft, and vandalism must be reported promptly to both GoKamp Adventures and law enforcement when appropriate.

7. Insurance, Protection & Liability

Selection of an eligible insurance or vehicle-protection option offered through the booking platform is mandatory for each reservation, and coverage must be effective for the entire Rental Period. The selected product's actual terms, eligibility rules, deductibles, exclusions, limits, and claims procedures control; this Agreement does not expand coverage or promise that all losses are covered.

The Renter must provide any required identification, disclosures, or supporting insurance documentation. The Renter shall cooperate with all claims investigations and shall not admit liability or authorize repairs on behalf of GoKamp Adventures without prior approval, except for immediate actions reasonably necessary to protect persons or property.

8. Vehicle Use & Prohibited Uses

Permitted travel includes public highways and maintained county, Forest Service, BLM, State Park, and National Park roads suitable for the Vehicle. Prohibited uses include rock crawling, racing, mud bogging, deep-water crossings, operation under the influence, distracted driving, unauthorized drivers, commercial use, towing without written approval, operation on closed roads, overloading the Vehicle, smoking or vaping, and transporting pets.

The Vehicle shall not be used for any unlawful or criminal activity, including, but not limited to, transporting, possessing, or distributing illegal drugs or controlled substances in violation of applicable law; transporting stolen property; committing or facilitating criminal acts; or any other activity prohibited by federal, state, or local law.

Use on appropriately maintained public roads does not authorize travel on technical four-wheel-drive trails or any route unsuitable for the Vehicle. The Renter must comply with all applicable laws, road signs, closures, weather restrictions, and public-land rules.

Any violation of this section constitutes a material breach of the Agreement and may result in immediate termination of the rental, recovery of the Vehicle where legally permitted, and financial responsibility for resulting damages, losses, and expenses, subject to applicable law.

9. Included Equipment & Optional Products

Vehicles are typically outfitted with an iKamper Skycamp 3.0 Mini rooftop tent, a single-drawer DECKED storage system, and selected camping and kitchen equipment. The specific included items and their condition are established by the reservation and signed Equipment Checklist, which controls over general website descriptions.

Depending on the current inventory, equipment may include a Blackstone® 17-inch griddle, disposable paper plates and cups, plastic eating utensils, and campfire roasting forks. Consumables and optional items are supplied only as confirmed on the Equipment Checklist. Campfires and outdoor cooking are subject to all applicable fire restrictions and safe-use instructions.

Included camping equipment must be returned in substantially the same condition, excluding ordinary wear. Missing or damaged equipment will be repaired or replaced at the Renter's expense. Optional products may include Unlimited Mileage, child safety seats, or future accessories. If a child safety seat is provided, the Renter is solely responsible for inspecting and installing it correctly.

10. Mileage, Fuel & Cleaning

Each rental includes 200 miles per rental day calculated across the reservation. Mileage beyond the included allowance will be billed at $0.50 per mile. Unlimited Mileage may be purchased for $25 per rental day. The Vehicle must be returned with the same fuel level. Normal road dust is expected; however, excessive mud, sand, smoke, odors, or interior contamination requiring extraordinary cleaning may result in a minimum $250 cleaning fee.

The 200-mile daily allowance is pooled over the full reservation (for example, five rental days include 1,000 miles). Unlimited Mileage, if offered and purchased, applies to the entire rental at $25 per rental day and must be selected before pickup. Fuel replacement charges may include the reasonable cost of fuel and any disclosed service fee.

11. Geographic & Travel Restrictions

One-way rentals are not offered. GoKamp Adventures vehicles are intended for overland travel and adventure within the Southwestern United States, with a primary operating area that includes:

Southern Utah

Northern Arizona

Southern Nevada

Travel throughout these regions is encouraged and is consistent with the intended use of the Vehicle.

Travel outside the Primary Operating Area is permitted only with prior written approval from GoKamp Adventures. Requests will be evaluated based on the proposed itinerary, destination, mileage, road conditions, and rental duration.

The Vehicle may not be operated:

Outside the continental United States.

In Mexico or Canada, without prior written authorization.

On roads or trails that are closed by public agencies.

In areas where travel has been restricted by GoKamp Adventures due to weather, wildfire, flooding, or other hazardous conditions.

The Renter is responsible for monitoring weather forecasts, flash flood warnings, wildfire restrictions, road closures, and park or public land advisories throughout the Rental Period.

GoKamp Adventures reserves the right to deny or restrict travel to destinations that may expose the Vehicle, equipment, or occupants to unreasonable risk.

12. Tolls, Parking, GPS & Personal Information

The Renter is responsible for all tolls, parking fees, traffic violations, camera citations, and associated administrative processing fees.

The Vehicle may be equipped with GPS and telematics for safety, theft recovery, diagnostics, and fleet management. Tampering with these systems is prohibited.

GoKamp Adventures may use and disclose reservation information, telematics data, payment information, and personal information as reasonably necessary to administer the rental, process payments, investigate claims, recover the Vehicle, prevent fraud, comply with legal obligations, and respond to lawful requests, consistent with its Privacy Policy.

13. Accidents, Breakdowns & Roadside Assistance

In any accident, breakdown, injury, theft, or unsafe operating condition, first move to safety when possible and contact emergency services when necessary. Notify GoKamp Adventures as soon as reasonably possible and follow its instructions and any applicable protection-provider claims procedures. Report accidents, theft, or vandalism to law enforcement when required or appropriate.

Do not continue driving an unsafe or damaged Vehicle. Do not arrange nonemergency repairs, towing, or recovery without prior approval unless necessary to protect people or property. The Renter must provide accurate location information, photographs when safe, and incident documentation reasonably requested.

Roadside-assistance availability, geographic limitations, response times, and covered services depend on the applicable provider and protection product; no specific response time is guaranteed. Towing, recovery, repairs, or related charges resulting from prohibited use, negligence, or other excluded conduct may be charged to the Renter to the extent permitted by law and the applicable protection terms.

14. Cancellation & Refunds

Direct reservations made through GoKamp are subject to the booking platform's cancellation policy, stated as: "75% refund up to 7 days before pickup, then 50% refund for remaining days." The booking confirmation and policy displayed at checkout govern the calculation, timing, eligible charges, and any exceptions. Bookings made through other marketplaces may be subject to different cancellation terms.

No different cancellation or refund promise is created by this Agreement. Where a conflict exists, the applicable cancellation policy accepted for the specific reservation governs, subject to law.

15. Breach, Repossession & Miscellaneous

Material breach includes fraud, prohibited use, unauthorized drivers, failure to return the Vehicle, or violation of material terms. Where permitted by law, GoKamp Adventures may recover or repossess the Vehicle and the Renter remains responsible for resulting costs. Personal property left in the Vehicle is the Renter's responsibility.

This Agreement constitutes the entire agreement, may only be modified in writing by GoKamp Adventures, is governed by Utah law, and if any provision is unenforceable, the remaining provisions remain in effect. Electronic signatures have the same force and effect as handwritten signatures.
